

ATTORNEY GENERAL OF TEXAS
GREG ABBOTT

July 12, 2013

Ms. Michelle M. Kretz
Assistant City Attorney
City of Fort Worth
1000 Thockmorton Street, 3rd Floor
Fort Worth, Texas 76102

OR2013-11898

Dear Ms. Kretz:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 495818 (ORR# W026118).

The City of Fort Worth (the "city") received a request for information pertaining to case number 13-46942. You claim the submitted information is excepted from disclosure under sections 552.101 and 552.108 of the Government Code. We have considered the exceptions you claim and reviewed the submitted information.

Initially, we note some of the submitted information, which we have marked, is not responsive to the instant request for information because it was created after the city received the request for information. This ruling does not address the public availability of any information that is not responsive to the request and the city is not required to release such information in response to this request.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses the doctrine of common-law privacy, which protects information that is (1) highly intimate or embarrassing, the publication of which would be highly objectionable to a reasonable person, and (2) is not of legitimate concern to the public. *Indus. Found. v. Tex. Indus. Accident Bd.*, 540 S.W.2d 668, 685 (Tex. 1976). To

demonstrate the applicability of common-law privacy, both prongs of this test must be demonstrated. *See id.* at 681-82.

In Open Records Decision No. 393 (1983), this office concluded, generally, only information which either identifies or tends to identify a victim of sexual assault or other sex-related offense may be withheld under common-law privacy; however, because the identifying information was inextricably intertwined with other releasable information, the governmental body was required to withhold the entire report. Open Records Decision No. 393 at 2 (1983); *see* Open Records Decision No. 339 (1982); *see also Morales v. Ellen*, 840 S.W.2d 519 (Tex. App.—El Paso 1992, writ denied) (identity of witnesses to and victims of sexual harassment was highly intimate or embarrassing information and public did not have a legitimate interest in such information); Open Records Decision No. 440 (1986) (detailed descriptions of serious sexual offenses must be withheld). The requestor in this case knows the identity of the alleged victim. We believe in this instance, withholding only identifying information from the requestor would not preserve the victim's common-law right to privacy. We conclude, therefore, the city must withhold the submitted information in its entirety under section 552.101 of the Government Code in conjunction with common-law privacy.¹

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at http://www.texasattorneygeneral.gov/open/orl_ruling_info.shtml, or call the Office of the Attorney General's Open Government Hotline, toll free, at (877) 673-6839. Questions concerning the allowable charges for providing public information under the Act may be directed to the Office of the Attorney General, toll free, at (888) 672-6787.

Sincerely,

Paige Thompson
Assistant Attorney General
Open Records Division

¹As our ruling is dispositive, we need not address your remaining arguments against disclosure of the submitted information.
