OR2013-11903

Dear Ms. Hernandez:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 495298 (COSA File No. W015529).

The City of San Antonio (the "city") received a request for animal control records pertaining to a specified incident. You state the city will release some of the requested information. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 of the Government Code encompasses section 801.353 of the Occupations Code, which provides, in part, the following:

(a) A veterinarian may not violate the confidential relationship between the veterinarian and the veterinarian's client.

...

(f) A veterinarian does not violate this section by providing the name or address of a client, or the rabies vaccination status of a specific client's specific animal, to a public health authority, veterinarian, physician, or other licensed health care professional who requests the identity of the client to obtain information for:

- (1) the verification of a rabies vaccination;
- (2) other treatment involving a life-threatening situation; or
- (3) a public health purpose.

(g) A public health authority that receives information under [s]ubsection (f) shall maintain the confidentiality of the information, may not disclose the information under Chapter 552, Government Code, and may not use the information for a purpose that does not directly relate to the protection of public health and safety.

Occ. Code § 801.353(a), (f)-(g). Subsection 801.353(g) prohibits the public disclosure of information obtained by a public health authority from a veterinarian pursuant to subsection 801.353(f) for the reasons enumerated in subsection 801.353(f). Subsection 801.353(f) specifically provides the name and address of the client and the rabies vaccination status of the client's animal may be released to the public health authority for the enumerated purposes.

You claim a portion of the submitted information is confidential under section 801.353(g) of the Occupations Code. You explain the city's Animal Care Services Director is the local rabies control authority, and you state the information at issue consists of a veterinary record which was provided by the veterinarian of the animal at issue to the city's Animal Care Services Department (the "department"). You state the veterinarian provided the information to the department for verification of an animal's rabies vaccination. *See id.* § 801.353(f). Upon review, we find the information at issue includes the name and address of a client and the rabies vaccination status of the client's animal that was provided to the department by the veterinarian pursuant to subsection 801.353(f). This information, which we have marked, is confidential pursuant to subsection 801.353(g) of the Occupations Code and must be withheld under section 552.101 of the Government Code. However, you do not explain how any portion of the remaining information at issue consists of the name or address of a client or the rabies vaccination status provided to the department pursuant to subsection 801.353(f). Thus, we conclude you have failed to demonstrate the applicability of subsection 801.353(g) to the remaining information at issue. Accordingly, the city may not withhold any of the remaining information at issue under section 552.101 of the Government Code in conjunction with subsection 801.353(g) of the Occupations Code.

Section 552.101 of the Government Code also encompasses section 826.0211 of the Health and Safety Code, which provides in part:

(a) Information contained in a rabies vaccination certificate or in any record compiled from the information contained in one or more certificates that identifies or tends to identify an owner or an address, telephone number, or other personally identifying information of an owner of a vaccinated animal

is confidential and not subject to disclosure under Chapter 552, Government Code. The information contained in the certificate or record may not include the social security number or the driver's license number of the owner of the vaccinated animal.

Health & Safety Code § 826.0211(a). We note section 826.0211 is applicable only to information contained in a rabies vaccination certificate or in a record compiled from information contained in one or more rabies vaccination certificates. A portion of the remaining information, which you have marked, consists of a rabies certificate. Therefore, the owner's identifying information within the rabies certificate, which we have marked, must be withheld under section 552.101 of the Government Code in conjunction with section 826.0211 of the Health and Safety Code. However, upon review, we find the remaining information at issue is not made confidential by section 826.0211 and may not be withheld under section 552.101 of the Government Code on that basis.

In summary, the city must withhold the information we have marked under section 552.101 of the Government Code in conjunction with section 801.353(g) of the Occupations Code and the information we marked under section 552.101 of the Government Code in conjunction with section 826.0211 of the Health and Safety Code. The city must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.
