Dear Ms. Chatterjee:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 494403 (OGC# 149671).

The University of Texas Health Science Center at Houston (the "university") received a request for the awarded submission for a specified request for proposals. Although you take no position as to whether the submitted information is excepted under the Act, you state release of this information may implicate the proprietary interests of a third party. Accordingly, you state, and provide documentation showing, you notified Richards/Carlberg, Inc. ("Richards") of the request for information and of its right to submit arguments to this office as to why the submitted information should not be released. *See* Gov't Code § 552.305(d); *see also* Open Records Decision No. 542 (1990) (statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception in the Act in certain circumstances). We have received comments from Richards. We have considered the submitted arguments and reviewed the submitted information.

Richards claims its pricing information is excepted under section 552.110(b) of the Government Code. Section 552.110(b) protects "[c]ommercial or financial information for which it is demonstrated based on specific factual evidence that disclosure would cause substantial competitive harm to the person from whom the information was obtained[.]" Gov't Code § 552.110(b). This exception to disclosure requires a specific factual or

evidentiary showing, not conclusory or generalized allegations, that substantial competitive injury would likely result from release of the information at issue. *Id.*; see also Open Records Decision No. 661 at 5 (1999) (to prevent disclosure of commercial or financial information, party must show by specific factual evidence, not conclusory or generalized allegations, that release of requested information would cause that party substantial competitive harm).

Richards argues its pricing information is commercial information the release of which would cause it substantial competitive harm. However, we note the contract at issue was awarded to Richards. This office considers the prices charged in government contract awards to be a matter of strong public interest; thus, the pricing information of a winning bidder is generally not excepted under section 552.110(b). See Open Records Decision No. 514 (1988) (public has interest in knowing prices charged by government contractors). See generally Dep't of Justice Guide to the Freedom of Information Act 344-345 (2009) (federal cases applying analogous Freedom of Information Act reasoning that disclosure of prices charged government is a cost of doing business with government). Accordingly, the university may not withhold any of Richards' pricing information under section 552.110(b) of the Government Code. As no further exceptions to disclosure were raised, the submitted information must be released to the requestor.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at http://www.texasattorneygeneral.gov/open/orl_ruling_info.shtml, or call the Office of the Attorney General's Open Government Hotline, toll free, at (877) 673-6839. Questions concerning the allowable charges for providing public information under the Act may be directed to the Office of the Attorney General, toll free, at (888) 672-6787.

Sincerely,

Kristi L. Wilkins
Assistant Attorney General
