Mr. Frank J. Garza  
Counsel for Brownsville Public Utility Board

OR2013-13568

Dear Mr. Garza:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 495676.

The Brownsville Public Utility Board (the "board"), which you represent, received a request for the beginning and ending dates of service provided to a specified customer of the board at a specified address. You claim the submitted information is excepted from disclosure under sections 552.101 and 552.133 of the Government Code. We have considered the exceptions you claim and reviewed the submitted information.

Initially, we note the requestor seeks only the beginning and ending dates of service provided to the specified customer at the specified address. Thus, any information that falls outside the scope of this request is not responsive. Our ruling does not address the public availability of information that is not responsive to the request, and the board is not required to release non-responsive information.

Section 552.133 of the Government Code excepts from disclosure a public power utility's information that is "reasonably related to a competitive matter." Gov't Code § 552.133(b). Section 552.133 provides in relevant part:

(a) In this section, “public power utility” means an entity providing electric or gas utility services that is subject to the provisions of this chapter.

(a-1) For purposes of this section, “competitive matter” means a utility-related matter that is related to the public power utility’s competitive activity, including commercial information, and would, if disclosed, give advantage to competitors or prospective competitors. The term:

(1) means a matter that is reasonably related to the following categories of information:

...

(F) customer billing, contract, and usage information, electric power pricing information, system load characteristics, and electric power marketing analyses and strategies[.]

*Id.* § 552.133(a), (a-1)(1)(F). Section 552.133(a-1)(2) provides fifteen categories of information that are not competitive matters. *Id.* § 552.133(a-1)(2).

You state the board is a public power utility subject to section 552.133. You assert the responsive information pertains to the public power utility’s “competitive customer information.” We understand you to assert the responsive information pertains to the board’s competitive activity, specifically identified by subsection 552.133(a-1)(1)(F). Further, the responsive information is not among the fifteen categories of information expressly excluded from the definition of “competitive matter” by section 552.133(a-1)(2). Based on your representations and our review, we find the responsive information relates to competitive matters as defined by section 552.133(a-1). Thus, we conclude the board must withhold the responsive information under section 552.133 of the Government Code.<sup>1</sup>
