OR2013-15470

Dear Ms. Clarke:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 503565.

The Lubbock County Medical Examiner's Office (the "medical examiner's office") received a request for information pertaining to a named deceased individual. You indicate the medical examiner's office has released some of the requested information. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Initially, we must address the medical examiner's office's obligations under section 552.301 of the Government Code, which prescribes the procedures a governmental body must follow in asking this office to decide whether requested information is excepted from public disclosure. Pursuant to section 552.301(b), a governmental body must ask for a decision from this office and state the exceptions that apply within ten business days of receiving the written request. *See* Gov't Code § 552.301(b). Further, pursuant to section 552.301(e), a governmental body must submit to this office within fifteen business days of receiving an open records request (1) written comments stating the reasons why the stated exceptions apply that would allow the information to be withheld, (2) a copy of the written request for information, (3) a signed statement or sufficient evidence showing the date the governmental body received the written request, and (4) a copy of the specific information requested or

representative samples, labeled to indicate which exceptions apply to which parts of the documents. *See id.* § 552.301(e). The medical examiner's office received the request for information on July 29, 2013. You do not inform us the medical examiner's office was closed for any business days between July 29, 2013, and August 19, 2013. Accordingly, you were required to provide the information required by subsection 552.301(b) by August 12, 2013. Moreover, you were required to provide the information required by subsection 552.301(e) by August 19, 2013. However, the envelope in which the medical examiner's office provided the information required by subsections 552.301(b) and 552.301(e) does not bear a postmark, and was received by this office on August 22, 2013. *See id.* § 552.308(a)(1) (describing rules for calculating submission dates of documents sent via first class United States mail, common or contract carrier, or interagency mail). Accordingly, we conclude the medical examiner's office failed to comply with the procedural requirements mandated by section 552.301 of the Government Code.

Pursuant to section 552.302 of the Government Code, a governmental body's failure to comply with the procedural requirements of section 552.301 results in the legal presumption that the requested information is public and must be released unless there is a compelling reason to withhold the information from disclosure. *See id.* § 552.302; *Simmons v. Kuzmich*, 166 S.W.3d 342 (Tex. App.—Fort Worth 2005, no pet.); *Hancock v. State Bd. of Ins.*, 797 S.W.2d 379, 381-82 (Tex. App.—Austin 1990, no writ); *see also* Open Records Decision No. 630 (1994). Generally, a governmental body may demonstrate a compelling reason to withhold information by showing that the information is made confidential by another source of law or affects third party interests. *See* ORD 630. As section 552.101 can provide a compelling reason to overcome this presumption, we will address your argument under section 552.101 for the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information protected by other statutes, such as section 11 of article 49.25 of the Code of Criminal Procedure, which provides as follows:

The medical examiner shall keep full and complete records properly indexed, giving the name if known of every person whose death is investigated, the place where the body was found, the date, the cause and manner of death, and shall issue a death certificate. . . . The records are subject to required public disclosure in accordance with [the Act], except that a photograph or x-ray of a body taken during an autopsy is excepted from required public disclosure in accordance with [the Act], but is subject to disclosure:

- (1) under a subpoena or authority of other law; or
- (2) if the photograph or x-ray is of the body of a person who died while in the custody of law enforcement.

Crim. Proc. Code art. 49.25, § 11. You state the submitted photographs were taken during an autopsy and are confidential pursuant to section 11 of article 49.25. Upon review, we find some of the photographs at issue, which we have noted, consist of photographs of a body taken during an autopsy. You state neither of the statutory exceptions to confidentiality is applicable in this instance. Accordingly, we find the medical examiner's office must withhold the autopsy photographs we have noted under section 552.101 of the Government Code in conjunction with section 11 of article 49.25 of the Code of Criminal Procedure. However, we note the remaining photographs do not consist of photographs of a body taken during an autopsy. These remaining photographs are not confidential under article 49.25, and the medical examiner's office may not withhold them under section 552.101 on that basis. The remaining photographs must be released.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.
