Dear Ms. Wells:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 503302.

The Leander Independent School District (the "district") received a request for a specified performance review. You claim the requested information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Section 552.101 encompasses section 21.355 of the Education Code. Section 21.355(a) provides that "[a] document evaluating the performance of a teacher or administrator is confidential." Educ. Code § 21.355(a). This office has interpreted section 21.355 to apply to any document that evaluates, as that term is commonly understood, the performance of a teacher or an administrator. *See* Open Records Decision No. 643 (1996). We have determined that for purposes of section 21.355, "teacher" means a person who is required to and does in fact hold a teaching certificate under subchapter B of chapter 21 of the Education Code or a school district teaching permit under section 21.055 and who is engaged in the process of teaching, as that term is commonly defined, at the time of the evaluation. *See id.* at 4. We also have determined that "administrator," for purposes of section 21.355, means a person

who is required to and does in fact hold an administrator's certificate under subchapter B of chapter 21 of the Education Code and is performing the functions of an administrator, as that term is commonly defined, at the time of the evaluation. *Id.* The Third Court of Appeals has concluded a written reprimand constitutes an evaluation for purposes of section 21.355, because "it reflects the principal's judgment regarding [a teacher's] actions, gives corrective direction, and provides for further review." See *North East Indep. Sch. Dist. v. Abbott*, 212 S.W.3d 364 (Tex. App.—Austin 2006, no pet.).

You contend the submitted information evaluates the performance of a named employee. You state the employee at issue was acting in his capacity as an administrator when the evaluative documents were created. You have provided documentation of the employee's certification. Based on your representations and our review, we conclude the district must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 21.355 of the Education Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
