Dear Ms. Quinn:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 501519 (Reference Number 13-845).

The Cedar Park Police Department (the "department") received a request for the video and audio recording pertaining to a motor vehicle accident that occurred on June 26, 2013. The department asserts the submitted information is excepted from disclosure because it contains information subject to section 552.130 of the Government Code. We have considered the exception the department claims and reviewed the submitted information.

Section 552.130 of the Government Code provides information relating to a driver's license or permit, a motor vehicle title or registration, or a personal identification document issued by an agency of Texas or another state or country is excepted from public release. Gov't Code § 552.130(a). Upon review, we find the audio and video portions of the submitted video recording contain information subject to section 552.130. The audio portions are intertwined with the video portions of the recording. The department explains it does not have the technological capability to redact the motor vehicle record information from the recording. Accordingly, the department must withhold the submitted recording in its entirety under section 552.130.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
