

ATTORNEY GENERAL OF TEXAS
GREG ABBOTT

January 31, 2014

Mr. Jonathan T. Koury
Assistant City Attorney
City of Bryan
P.O. Box 1000
Bryan, Texas 77805

OR2014-01896

Dear Mr. Koury:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 512642.

The City of Bryan (the "city") received a request for the county/city inter-local agreements, ordinances, contracts, and/or leases that provide services such as electricity, water, natural gas, renewable energy, and any energy-efficient technology to small towns and unincorporated areas.¹ You claim the submitted information is excepted from disclosure under sections 552.104 and 552.133 of the Government Code. We have considered the exceptions you claim and reviewed the submitted information.

¹You state the city sought and received clarification of the information requested. *See* Gov't Code § 552.222 (providing that if request for information is unclear, governmental body may ask requestor to clarify request); *see also* *City of Dallas v. Abbott*, 304 S.W.3d 380, 387 (Tex. 2010) (holding that when a governmental entity, acting in good faith, requests clarification or narrowing of an unclear or over-broad request for public information, the ten-day period to request an attorney general ruling is measured from the date the request is clarified or narrowed).

Section 552.133 of the Government Code exempts from disclosure a public power utility's information that is "reasonably related to a competitive matter." Gov't Code § 552.133(b). Section 552.133 provides in relevant part:

(a) In this section, "public power utility" means an entity providing electric or gas utility services that is subject to the provisions of this chapter.

(a-1) For purposes of this section, "competitive matter" means a utility-related matter that is related to the public power utility's competitive activity, including commercial information, and would, if disclosed, give advantage to competitors or prospective competitors. The term:

(1) means a matter that is reasonably related to the following categories of information:

...

(F) customer billing, contract, and usage information, electric power pricing information, system load characteristics, and electric power marketing analyses and strategies[.]

Id. § 552.133(a), (a-1)(1)(F). Section 552.133(a-1)(2) provides fifteen categories of information that are not competitive matters. *Id.* § 552.133(a-1)(2).

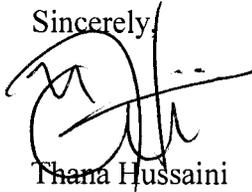

You state the city owns an electric generation and distribution system under the name Bryan Texas Utilities ("BTU"). You state BTU is a public power utility for purposes of section 552.133. You state the submitted contracts pertain to BTU customers, not vendors. We understand you to assert this information pertains to the city's competitive activity, specifically identified by subsection 552.133(a-1)(1)(F). Further, the information at issue is not among the fifteen categories of information expressly excluded from the definition of "competitive matter" by section 552.133(a-1)(2). Based on your representations and our review, we find the submitted information relates to competitive matters as defined by section 552.133(a-1). Thus, we conclude the city must withhold the submitted information under section 552.133 of the Government Code. As our ruling is dispositive, we need not address your remaining argument against disclosure.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at <http://www.texasattorneygeneral.gov/open/>
