OR2014-02105

Dear Ms. Vieira:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 514775 (University OGC# 153411).

The University of Texas Medical Branch (the "university") received a request for a "roster of all inmates in the TDCJ Estelle Unit that includes each inmate's 'PULHES' classification rankings." The university claims the requested information is excepted from disclosure under section 552.101 of the Government Code. We have considered the claimed exception and reviewed the submitted representative sample of information.<sup>1</sup>

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information protected by other statutes, including the Medical Practice Act (the "MPA"), subtitle B of title 3 of the Occupations Code. *See* Occ. Code §§ 151.001-168.202. Section 159.002 of the MPA provides in relevant part the following:

- (a) A communication between a physician and a patient, relative to or in connection with any professional services as a physician to the patient, is confidential and privileged and may not be disclosed except as provided by this chapter.

---

<sup>1</sup>We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent those records contain substantially different types of information than that submitted to this office.

(b) A record of the identity, diagnosis, evaluation, or treatment of a patient by a physician that is created or maintained by a physician is confidential and privileged and may not be disclosed except as provided by this chapter.

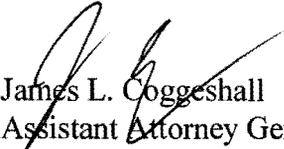

(c) A person who receives information from a confidential communication or record as described by this chapter, other than a person listed in Section 159.004 who is acting on the patient's behalf, may not disclose the information except to the extent that disclosure is consistent with the authorized purposes for which the information was first obtained.

*Id.* § 159.002(a)-(c). This office has concluded the protection afforded by section 159.002 extends only to records created by either a physician or someone under the supervision of a physician. Information that is subject to the MPA includes both medical records and information obtained from those medical records. *See id.* §§ 159.002, .004. This office has further concluded that, when a file is created as the result of a hospital stay, all the documents in the file that relate to diagnosis and treatment constitute either physician-patient communications or records of the identity, diagnosis, evaluation, or treatment of a patient by a physician that are created or maintained by a physician. *See* Open Records Decision No. 546 (1990). Upon review, we find the submitted information constitutes medical records. Accordingly, the university must withhold the submitted information under section 552.101 of the Government Code in conjunction with the MPA.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. Questions concerning the allowable charges for providing public information under the Act may be directed to the Office of the Attorney General, toll free, at (888) 672-6787.

Sincerely,

  
James L. Coggeshall  
Assistant Attorney General
