OR2014-09409

Dear Ms. Kostbar:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 524400 (HCAD Ref. No. 14-1592).

The Harris County Appraisal District (the "district") received a request for the vehicle identification number associated with a specified account. You claim the submitted information is excepted from disclosure under sections 552.101 and 552.130 of the Government Code. We have considered the exceptions you claim and reviewed the submitted representative sample of information.¹

Initially, we note a portion of the submitted information, which we have marked, is not responsive to the instant request because it does not consist of the requested vehicle identification number. This ruling does not address the public availability of non-responsive information, and the district is not required to release non-responsive information in response to this request.

¹We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent those records contain substantially different types of information than that submitted to this office.

Section 552.101 of the Government Code exempts from disclosure “information considered to be confidential by law, either constitutional, statutory, or by judicial decision.” Gov’t Code § 552.101. This section encompasses information protected by other statutes, such as section 22.27 of the Tax Code, which provides in pertinent part:

(a) Rendition statements, real and personal property reports, attachments to those statements and reports, and other information the owner of property provides to the appraisal office in connection with the appraisal of the property, including income and expense information related to a property filed with an appraisal office and information voluntarily disclosed to an appraisal office or the comptroller about real or personal property sales prices after a promise it will be held confidential, are confidential and not open to public inspection. The statements and reports and the information they contain about specific real or personal property or a specific real or personal property owner and information voluntarily disclosed to an appraisal office about real or personal property sales prices after a promise it will be held confidential may not be disclosed to anyone other than an employee of the appraisal office who appraises property except as authorized by Subsection (b) of this section.

(b) Information made confidential by this section may be disclosed:

...

(2) to the person who filed the statement or report or the owner of property subject to the statement, report, or information or to a representative of either authorized in writing to receive the information[.]

Tax Code § 22.27(a), (b)(2). We understand the district is an “appraisal office” for purposes of section 22.27(a), and you state the responsive information consists of confidential information provided to the district pursuant to section 22.27(a) of the Tax Code. You inform us the requestor might be the authorized agent of the owner of the property at issue and, therefore, might have a right of access to the responsive information that would otherwise be confidential under section 22.27. *See id.* § 22.27(b)(2); *see also id.* § 1.111 (governing property owner’s authority to designate agent to act on owner’s behalf in property tax matters). Thus, we agree that if the requestor does not provide the requisite written authorization under section 22.27(b)(2), then the district must withhold the responsive information under section 552.101 of the Government Code in conjunction with section 22.27(a) of the Tax Code. However, if the requestor provides the written authorization pursuant to section 22.27(b)(2) of the Tax Code, the district may not withhold the responsive information from this requestor on the basis of section 552.101 of the

Government Code. In that instance, we will consider your argument under section 552.130 of the Government Code.

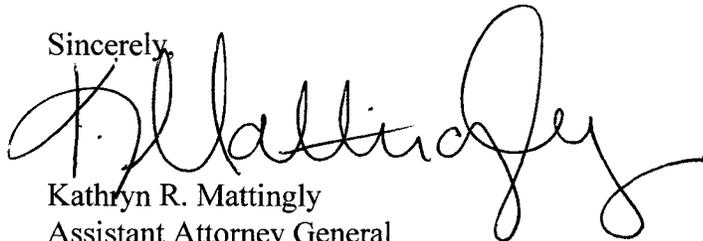

Section 552.130 of the Government Code excepts from disclosure information that relates to a motor vehicle title or registration issued by an agency of this state or another state or country. Gov't Code § 552.130(a)(2). We note section 552.130 protects personal privacy. Thus, in the event the requestor is the authorized representative of the owner of the property at issue, then she also has a special right of access to the motor vehicle record information of the owner she represents pursuant to section 552.023 of the Government Code. *See id.* § 552.023(a) (person or person's authorized representative has special right of access, beyond the right of general public, to information held by governmental body that relates to person and is protected from public disclosure by laws intended to protect person's privacy interests); Open Records Decision No. 481 at 4 (1987). In that case, the district may not withhold any of the responsive information under section 552.130 of the Government Code.

In summary, if the requestor does not provide the requisite written authorization under section 22.27(b)(2) of the Tax Code, then the district must withhold the responsive information under section 552.101 of the Government Code in conjunction with section 22.27(a) of the Tax Code. If the requestor provides the requisite written authorization pursuant to section 22.27(b)(2) of the Tax Code, the district must release the responsive information to the requestor.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
