OR2014-10345

Dear Ms. Watson:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 526146.

Williamson County (the "county") received a request for the last request for proposal for Emergency Medical Services ("EMS") Billing, the most recent selected proposal for EMS Billing, the current EMS Billing contract, the current ambulance fee schedule, and the year-end financial report for EMS collections. You state, although the county takes no position with respect to the submitted information, its release may implicate the interests of DM Medical Billings ("DM"). Accordingly, you state, and provide documentation demonstrating, the county notified DM of the request for information and of its right to submit arguments stating why its information should not be released. *See* Gov't Code § 552.305 (permitting interested third party to submit to attorney general reasons why requested information should not be released); Open Records Decision No. 542 (1990) (determining statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception in certain circumstances). We have reviewed the submitted information.

An interested third party is allowed ten business days after the date of its receipt of the governmental body's notice under section 552.305(d) of the Government Code to submit its reasons, if any, as to why requested information relating to it should be withheld from disclosure. *See* Gov't Code § 552.305(d)(2)(B). As of the date of this letter, this office has not received comments from DM explaining why its information should not be released to the requestor. Thus, we have no basis to conclude the release of any portion of the submitted

information would implicate the third party's interests, and none of the submitted information may be withheld on that basis. *See id.* § 552.110; Open Records Decision Nos. 661 at 5-6 (1999) (to prevent disclosure of commercial or financial information, party must show by specific factual evidence, not conclusory or generalized allegations, that release of requested information would cause that party substantial competitive harm), 552 at 5 (1990) (party must establish *prima facie* case that information is trade secret), 542 at 3.

We note portions of the submitted information are subject to section 552.136 of the Government Code.¹ Section 552.136 states, "Notwithstanding any other provision of this chapter, a credit card, debit card, charge card, or access device number that is collected, assembled, or maintained by or for a governmental body is confidential." Gov't Code § 552.136(b); *see also id.* § 552.136(a) (defining "access device"). This office has determined an insurance policy number is an access device number for the purposes of section 552.136. *See* Open Records Decision No. 684 (2009). Accordingly, the county must withhold the insurance policy numbers we have indicated under section 552.136. As no further exceptions to disclosure have been raised, the county must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at http://www.texasattorneygeneral.gov/open/orl_ruling_info.shtml, or call the Office of the Attorney General's Open Government Hotline, toll free, at (877) 673-6839. Sincerely,

Lindsay E. Hale
Assistant Attorney General
