

ATTORNEY GENERAL OF TEXAS  
GREG ABBOTT

June 26, 2014

Mr. William Schultz  
Assistant District Attorney  
Denton County  
P.O. Box 2850  
Denton, Texas 76202

OR2014-10961

Dear Mr. Schultz:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 527103.

The Denton County Health Department (the "department") received a request for information pertaining to the requestor's client, cases of salmonella enteritis during a specified period of time, and reports of food poisoning allegedly attributable to a specified restaurant during a specified period of time.<sup>1</sup> You state the department released some of the requested information. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses information other statutes make confidential, such as section 81.046 of the Health and Safety Code, which provides in pertinent part:

---

<sup>1</sup>We note the department sought and received clarification of the information requested. *See* Gov't Code § 552.222 (providing if request for information is unclear, governmental body may ask requestor to clarify request); *see also City of Dallas v. Abbott*, 304 S.W.3d 380, 387 (Tex. 2010) (holding that when a governmental entity, acting in good faith, requests clarification or narrowing of an unclear or over-broad request for public information, the ten-day period to request an attorney general ruling is measured from the date the request is clarified or narrowed).

(a) Reports, records, and information received from any source, including from a federal agency or from another state, furnished to a public health district, a health authority, a local health department, or the [Texas Department of State Health Services] that relate to cases or suspected cases of diseases or health conditions are confidential and may be used only for the purposes of this chapter.

(b) Reports, records, and information relating to cases or suspected cases of diseases or health conditions are not public information under [the Act], and may not be released or made public on subpoena or otherwise except as provided by Subsections (c), (d), and (f).

Health & Safety Code § 81.046(a), (b). In Open Records Decision No. 577 (1990), this office concluded that any information acquired or created during an investigation under chapter 81 of the Health and Safety Code is confidential and may not be released unless an exception set out in the statute applies. *See id.* § 81.046(b)-(d), (f); ORD 577. You state the submitted information was furnished to or created by the department during investigations and indicate the investigations are related to cases or suspected cases of salmonella. Based on your representation and our review, we agree section 81.046 governs the release of the submitted information. We understand none of the release provisions of section 81.046 are applicable. Accordingly, we determine the department must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 81.046 of the Health and Safety Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. Megan G. Holloway
