Frisco Police Department

OR2014-12015

Dear Ms. Presley:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 528867.

The Frisco Police Department (the "department") received a request for twelve categories of information, including "videotape(s)[,]" pertaining to a specified incident involving a named individual. You state the department will release some of the requested information upon payment. You claim the submitted information is excepted from disclosure under section 552.130 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

We first address your assertion the license plate number of an individual other than the named individual is not responsive to the request for information. A governmental body must make a good faith effort to relate a request to information held by the governmental body. *See* Open Records Decision No. 561 at 8 (1990). The requestor asked, in part, for video recordings related to a specified incident. We understand the submitted video recording pertains to this incident. Accordingly, we find the entirety of the submitted information to be responsive to the request. Therefore, we will address your claimed exception for the entirety of the submitted information.

Section 552.130 of the Government Code provides information relating to a motor vehicle operator's or driver's license or permit, a motor vehicle title or registration, or a personal

identification document issued by an agency of Texas or another state or country is excepted from public release. Gov't Code § 552.130(a). Upon review, we find the submitted video recording contains information subject to section 552.130. You state the department does not have the technological capability to redact the motor vehicle record information from the recording. Accordingly, the department must withhold the submitted recording in its entirety under section 552.130 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. Sincerely,
