Ms. Molly Cost
Assistant General Counsel
Texas Department of Public Safety
P.O. Box 4087

OR2014-12332

Dear Ms. Cost:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 531380 (DPS PIR# 14-1956).

The Texas Department of Public Safety (the "department") received a request for the most recent version of the Border Operations Security Analysis. You claim the submitted information is excepted from disclosure under section 552.108 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.108(b)(1) of the Government Code excepts from disclosure "[a]n internal record or notation of a law enforcement agency or prosecutor that is maintained for internal use in matters relating to law enforcement or prosecution . . . if . . . release of the internal record or notation would interfere with law enforcement or prosecution[.]" Gov't Code § 552.108(b)(1). Section 552.108(b)(1) is intended to protect "information which, if released, would permit private citizens to anticipate weaknesses in a police department, avoid detection, jeopardize officer safety, and generally undermine police efforts to effectuate the laws of this State." *City of Fort Worth v. Cornyn*, 86 S.W.3d 320 (Tex. App.—Austin 2002, no writ). To demonstrate the applicability of this exception, a governmental body must meet its burden of explaining how and why release of the requested information would interfere with law enforcement and crime prevention. Open Records Decision No. 562 at 10 (1990). This office has concluded section 552.108(b) excepts from public disclosure information relating to the security or operation of a law enforcement agency. *See, e.g.*, Open Records Decision Nos. 531 (1989) (release of detailed use of force guidelines would unduly interfere with law enforcement), 252 (1980) (section 552.108 designed to protect investigative techniques and procedures used in law enforcement), 143 (1976) (disclosure of specific operations or specialized equipment directly related to investigation or detection of crime

may be excepted). Section 552.108(b)(1) is not applicable, however, to generally known policies and procedures. *See, e.g.*, ORDs 531 at 2-3 (Penal Code provisions, common law rules, and constitutional limitations on use of force not protected), 252 at 3 (governmental body failed to indicate why investigative procedures and techniques requested were any different from those commonly known). The determination of whether the release of particular records would interfere with law enforcement is made on a case-by-case basis. Open Records Decision No. 409 at 2 (1984).

You state release of the submitted information “would provide wrong-doers, drug traffickers, terrorists, and other criminals with invaluable information concerning the efforts of law enforcement to detect and prevent criminal activity on the border and harm border security efforts.” You further state the information reveals “law enforcement tactics and techniques that could impact law enforcement safety, as well as the tactics used by criminal actors to avoid detection.” Based on your representations and our review, we find the department may withhold the submitted information under section 552.108(b)(1) of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
