Dear Ms. Brewer:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 539216.

The City of Frisco (the "city"), which you represent, received a request for all responses to a specified request for proposals and the scoring sheets for those responses. You claim the submitted information is excepted from disclosure under sections 552.104 and 552.110 of the Government Code. Additionally, you state the requested information may implicate the proprietary interests of CitySourced, Inc. ("CitySourced"), MyCommunity Mobile, LLC, PublicStuff, Inc., SeeClickFix, LLC, and WebQA, Inc. ("WebQA"). Accordingly, you state and provide documentation showing, you have notified these third parties of the request for information and of their right to submit arguments to this office as to why the requested information should not be released. *See* Gov't Code § 552.305 (permitting interested third party to submit to attorney general reasons why requested information should not be released); *see also* Open Records Decision No. 542 (1990) (statutory predecessor to section 552.305 permitted governmental body to rely on interested third party to raise and explain applicability of exception to disclosure under the circumstances). We have received comments from CitySourced and WebQA. We have considered the submitted arguments and reviewed the submitted information.

Section 552.104 of the Government Code excepts from disclosure "information that, if released, would give advantage to a competitor or bidder." Gov't Code § 552.104. The purpose of section 552.104 is to protect a governmental body's interests in competitive bidding situations, including where the governmental body may wish to withhold information in order to obtain more favorable offers. *See* Open Records Decision No. 592 at 8 (1991)

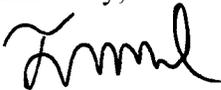

including where the governmental body may wish to withhold information in order to obtain more favorable offers. *See* Open Records Decision No. 592 at 8 (1991) (statutory predecessor to section 552.104 designed to protect interests of governmental body in competitive situation, and not interests of private parties submitting information to government). Section 552.104 protects information from disclosure if the governmental body demonstrates potential harm to its interests in a particular competitive situation. *See* Open Records Decision No. 463 (1987). Generally, section 552.104 does not except bids from disclosure after bidding is completed and the contract has been executed. *See* Open Records Decision No. 541 (1990).

You state the submitted information relates to a pending request for proposals and a contract has not yet been awarded. You state release of the submitted information would impair the bidding process. Based on your representations and our review, we conclude the city has demonstrated release of the submitted information could harm its competitive interests with respect to this project. Therefore, the city may withhold the submitted information under section 552.104 of the Government Code until such time as a contract has been executed.¹ *See* Open Records Decision No. 170 at 2 (1977) (release of bids while negotiation of proposed contract is in progress would necessarily result in an advantage to certain bidders at expense of others and could be detrimental to public interest in contract under negotiation).

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. Tim Neal
