Mr. Richard A. McCracken
Counsel for the City of Watauga
Evans, Daniel, Moore, Evans & Lazarus

Fort Worth, Texas 76102

OR2014-17408

Dear Mr. McCracken:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 542910 (ORR No. 14-130).

The City of Watauga (the "city"), which you represent, received a request for records of residential water connections where service was disconnected during a specified time period, including the residential address, the date service was disconnected, and the county appraisal district account number. You state the city does not have information responsive to a portion of the request.¹ You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This exception encompasses information that other statutes make confidential. Section 182.052 of the Utilities Code provides, in part:

¹The Act does not require a governmental body to release information that did not exist when a request for information was received or to prepare new information in response to a request. *See Econ. Opportunities Dev. Corp. v. Bustamante*, 562 S.W.2d 266, 267-68 (Tex. Civ. App.—San Antonio 1978, writ dismissed); Open Records Decision Nos. 605 at 2 (1992), 452 at 3 (1986), 362 at 2 (1983).

(a) Except as provided by Section 182.054, a government-operated utility may not disclose personal information in a customer's account record, or any information relating to the volume or units of utility usage or the amounts billed to or collected from the individual for utility usage, if the customer requests that the government-operated utility keep the information confidential. However, a government-operated utility may disclose information related to the customer's volume or units of utility usage or amounts billed to or collected from the individual for utility usage if the primary source of water for such utility was a sole-source designated aquifer.

(b) A customer may request confidentiality by delivering to the government-operated utility an appropriately marked form provided under Subsection (c)(3) or any other written request for confidentiality.

Util. Code § 182.052(a)-(b). "Personal information" under section 182.052(a) means an individual's address, telephone number, or social security number, but does not include the individual's name. *See id.* § 182.051(4); *see also* Open Records Decision No. 625 (1994) (construing statutory predecessor). We note because section 182.052 is intended to protect the safety and privacy of individual customers, this statute is applicable only to information pertaining to natural persons, and does not protect information relating to business, governmental, and other artificial entities. *See* ORD 625 at 4-5 (in context of section 182.051(4) of the Utility Code, "individual" means only natural persons and does not include artificial entities). We also note water service is included in the scope of utility services covered by section 182.052. *See* Util. Code § 182.051(3). Section 182.054 of the Utilities Code provides six exceptions to the disclosure prohibition found in section 182.052. *See id.* § 182.054.

You state the addresses you have highlighted pertain to customers who timely requested confidentiality under section 182.052. You also state none of the exceptions to confidentiality under section 182.054 apply in this instance. Therefore, based on your representations and our review, we find the city must withhold the customer addresses you have highlighted as personal information under section 552.101 of the Government Code in conjunction with section 182.052 of the Utilities Code. The city must release the remaining information.
