Dear Ms. Rovira:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 602307.

The Addison Police Department (the "department"), which you represent, received a request for the dash camera video recordings of a specified incident. You claim the submitted information is excepted from disclosure under section 552.130 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Initially, we note you have submitted information other than the specified dash camera video recordings. This information, which we have indicated, is not responsive to the instant request. The department need not release nonresponsive information in response to this request, and this ruling will not address that information.

Section 552.130 of the Government Code provides information relating to a motor vehicle operator's license, driver's license, motor vehicle title or registration, or personal identification document issued by an agency of this state or another state or country is excepted from public release. Gov't Code § 552.130. Upon review, we find one of the responsive video recordings contains motor vehicle record information subject to section 552.130 of the Government Code. The department states it lacks the technological capability to redact motor vehicle record information from the recording at issue. Therefore, the department must withhold the video recording we have indicated in its entirety under

section 552.130 of the Government Code. However, we find you have failed to demonstrate the remaining responsive video recording contains information subject to section 552.130. Accordingly, it may not be withheld on that basis. As you raise no further exceptions to disclosure, the remaining responsive video recording must be released.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
