OR2016-11319

Dear Ms. Tynan:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 610756 (OGC #168195).

The University of Texas Medical Branch at Galveston (the "university") received a request for specified categories of information pertaining to eleven named former employees. You state you have released most of the information to the requestor. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.¹

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information protected by other statutes, such as section 161.032 of the Health and Safety Code, which provides, in relevant part:

¹We assume that the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

(a) The records and proceedings of a medical committee are confidential and are not subject to court subpoena.

...

(c) Records, information, or reports of a medical committee, medical peer review committee, or compliance officer and records, information, or reports provided by a medical committee, medical peer review committee, or compliance officer to the governing body of a public hospital, hospital district, or hospital authority are not subject to disclosure under [the Act].

Health & Safety Code § 161.032(a), (c). For purposes of this confidentiality provision, a “‘medical committee’ includes any committee, including a joint committee, of . . . a university medical school or health science center.” *Id.* § 161.031(a)(3). Section 161.0315 provides in relevant part that “[t]he governing body of a . . . university medical school or health science center . . . may form . . . a medical committee, as defined by section 161.031, to evaluate medical and health care services.” *Id.* § 161.0315(a).

The precise scope of the “medical committee” provision has been the subject of a number of judicial decisions. *See, e.g., Mem’l Hosp.—The Woodlands v. McCown*, 927 S.W.2d 1 (Tex. 1996); *Barnes v. Whittington*, 751 S.W.2d 493 (Tex. 1988); *Jordan v. Fourth Supreme Judicial Dist.*, 701 S.W.2d 644 (Tex. 1986). These cases establish “documents generated by the committee in order to conduct open and thorough review” are confidential. *Mem’l Hosp.*, 927 S.W.2d at 10; *Jordan*, 701 S.W.2d at 647-48; *Doctor’s Hosp. v. West*, 765 S.W.2d 812, 814 (Tex. App—Houston [1st Dist.] 1988, no writ). This protection extends “to documents that have been prepared by or at the direction of the committee for committee purposes.” *Jordan*, 701 S.W.2d at 647-48. Protection does not extend to documents “gratuitously submitted to a committee” or “created without committee impetus and purpose.” *Id.*; *see also* Open Records Decision No. 591 (1991) (construing statutory predecessor to Health & Safety Code § 161.032).

You state the submitted information was created by or for a medical committee of the university. You state the university operates the Department of Correctional Managed Care, which provides managed health care to correctional facilities of the Texas Department of Criminal Justice throughout the state, including the Polunsky Unit (the “unit”). You explain the university’s Executive Quality Council (the “council”) is comprised of members of all health care disciplines and designs monitoring activities, evaluates monitoring and corrective team findings, and makes decisions regarding the implementation of corrective actions. Based on your arguments, we find the council is a medical committee for purposes of section 161.031. You state the submitted information was requested, provided, and reviewed by the council to evaluate the medical care at the unit and provide recommendations based on that evaluation. Upon review, we conclude the university must withhold the submitted

information under section 552.101 of the Government Code in conjunction with section 161.032 of the Health and Safety Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
