

**KEN PAXTON**  
ATTORNEY GENERAL OF TEXAS

July 14, 2016

Mr. Les Trobman  
General Counsel  
Texas Water Development Board  
P.O. Box 13231  
Austin, Texas 78711-3231

OR2016-15975

Dear Mr. Trobman:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 619346.

The Texas Water Development Board (the "board") received a request for information regarding the Town of Indian Lake (the "town") to include specified contracts, a specified certificate of acceptance, and construction plans. You state the board has released some information. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.<sup>1</sup>

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information that is made confidential by other statutes. You raise section 552.101 in conjunction with section 418.181 of the Government Code. Sections 418.176 through 418.182 were added to chapter 418 of the Government Code as part of the Texas Homeland Security Act (the "HSA"). Section 418.181 provides:

Those documents or portions of documents in the possession of a governmental entity are confidential if they identify the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism.

<sup>1</sup>We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

*Id.* § 418.181. The fact that information may relate to a governmental body's security measures does not make the information *per se* confidential under the HSA. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation of a statute's key terms is not sufficient to demonstrate the applicability of the claimed provision. As with any exception to disclosure, a claim under section 418.181 must be accompanied by an adequate explanation of how the responsive records fall within the scope of the claimed provision. *See* Gov't Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

You state the submitted information consists of blueprints regarding the wastewater collection and treatment plant expansion project for the town, which we understand is part of the town's critical infrastructure. You state the submitted information "identifies the specific location and technical details of . . . lift stations[,] pipelines[,] wastewater manholes[,] and key valves." You argue the release of the submitted information would expose particular vulnerabilities of the wastewater treatment system and "could [allow] a potential terrorist to destroy or contaminate the wastewater system, thereby causing damage and putting public health and safety at risk." Based on your representations and our review, we agree the submitted information identifies the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism. Therefore, the submitted information must be withheld under section 552.101 of the Government Code in conjunction with section 418.181 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
