

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

September 26, 2016

Mr. Robert Martinez
Director, Environmental Law Division
Texas Commission on Environmental Quality
P.O. Box 13087
Austin, Texas 78711-3087

OR2016-21638

Dear Mr. Martinez:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 627952 (TCEQ Reference No. 16-28505-PIR).

The Texas Commission on Environmental Quality (the "commission") received a request for specified testing results for a specified time period. You state you have released some information to the requestor. You claim the submitted information is excepted from disclosure under section 552.111 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.¹

Section 552.111 of the Government Code excepts from disclosure "[a]n interagency or intraagency memorandum or letter that would not be available by law to a party in litigation with the agency[.]" Gov't Code § 552.111. This exception encompasses the deliberative process privilege. *See* Open Records Decision No. 615 at 2 (1993). The purpose of section 552.111 is to protect advice, opinion, and recommendation in the decisional process and to encourage open and frank discussion in the deliberative process. *See Austin v. City*

¹We assume that the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

of San Antonio, 630 S.W.2d 391, 394 (Tex. App.—San Antonio 1982, writ ref'd n.r.e.); Open Records Decision No. 538 at 1-2 (1990).

In Open Records Decision No. 615, we determined section 552.111 exempts from disclosure only those internal communications that consist of advice, recommendations, opinions, and other material reflecting the policymaking processes of the governmental body. See ORD 615 at 5. A governmental body's policymaking functions do not encompass routine internal administrative or personnel matters, and disclosure of information about such matters will not inhibit free discussion of policy issues among agency personnel. *Id.*; see also *City of Garland v. Dallas Morning News*, 22 S.W.3d 351, 364 (Tex. 2000) (section 552.111 not applicable to personnel-related communications that did not involve policymaking). A governmental body's policymaking functions include administrative and personnel matters of broad scope that affect the governmental body's policy mission. See Open Records Decision No. 631 at 3 (1995). Further, section 552.111 does not protect facts and written observations of facts and events severable from advice, opinions, and recommendations. *Arlington Indep. Sch. Dist. v. Tex. Attorney Gen.*, 37 S.W.3d 152, 157 (Tex. App.—Austin 2001, no pet.); see ORD 615 at 5. But, if factual information is so inextricably intertwined with material involving advice, opinion, or recommendation as to make severance of the factual data impractical, section 552.111 protects the factual information. See Open Records Decision No. 313 at 3 (1982).

This office has also concluded section 552.111 exempts from disclosure a preliminary draft of a document intended for public release in its final form because the draft necessarily represents the drafter's advice, opinion, and recommendation with regard to the form and content of the final document. See Open Records Decision No. 559 at 2 (1990) (applying statutory predecessor). Section 552.111 protects factual information in the draft that also will be included in the final version of the document. See *id.* at 2-3. Thus, section 552.111 encompasses the entire contents of a preliminary draft of a policymaking document, including comments, underlining, deletions, and proofreading marks, that will be released to the public in its final form. See *id.* at 2.

The commission states the submitted information consists of advice, opinions, and recommendations relating to the commission's policymaking. The commission states the information at issue consists of a draft document that will be released to the public in final form and reflects agency recommendation on an open investigation of the wastewater treatment facility. However, upon review, we find the submitted information consists of information that is purely factual in nature. Thus, we find the commission has failed to demonstrate the submitted information is excepted under section 552.111. Accordingly, the commission may not withhold the submitted information under section 552.111 of the Government Code. As you raise no other exceptions against disclosure, the commission must release the submitted information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at http://www.texasattorneygeneral.gov/open/orl_ruling_info.shtml, or call the Office of the Attorney General's Open Government Hotline, toll free, at (877) 673-6839. Sincerely,

Cristian Rosas-Grillet
Assistant Attorney General
