Dear Ms. White:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 638057.

The City of Haltom (the "city"), which you represent, received a request for information pertaining to a specified dog bite incident. You state the city will release some information. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses information made confidential by statute, such as the Medical Practice Act ("MPA"), subtitle B of title 3 of the Occupations Code, which governs release of medical records. *See* Occ. Code §§ 151.001-168.202. Section 159.002 of the MPA provides, in relevant part:

- (a) A communication between a physician and a patient, relative to or in connection with any professional services as a physician to the patient, is confidential and privileged and may not be disclosed except as provided by this chapter.
- (b) A record of the identity, diagnosis, evaluation, or treatment of a patient by a physician that is created or maintained by a physician is confidential and privileged and may not be disclosed except as provided by this chapter.

(c) A person who receives information from a confidential communication or record as described by this chapter, other than a person listed in Section 159.004 who is acting on the patient's behalf, may not disclose the information except to the extent that disclosure is consistent with the authorized purposes for which the information was first obtained.

*Id.* § 159.002(a)-(c). Information subject to the MPA includes both medical records and information obtained from those medical records. *See id.* §§ 159.002, .004. This office has concluded the protection afforded by section 159.002 extends only to records created by either a physician or someone under the supervision of a physician. *See* Open Records Decision Nos. 487 (1987), 370 (1983), 343 (1982). We have further found when a file is created as a result of a hospital stay, all the documents in the file referring to diagnosis and treatment constitute physician-patient communications or “[r]ecords of the identity, diagnosis, evaluation, or treatment of a patient by a physician that are created or maintained by a physician.” Open Records Decision No. 546 (1990). Upon review, we find the submitted information constitutes records of the identity, diagnosis, evaluation, or treatment of a patient by a physician that were created or are maintained by a physician and information obtained from a patient's medical records. Accordingly, the city must withhold the submitted information under section 552.101 of the Government Code in conjunction with the MPA.<sup>1</sup>
