

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

November 4, 2016

Mr. W. Montgomery Meitler
Senior Counsel
Texas Education Agency
1701 North Congress Avenue
Austin, Texas 78701-1494

OR2016-24619

Dear Mr. Meitler:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 633164 (TEA PIR# 27814).

The Texas Education Agency (the "TEA") received a request for information concerning a specified complaint.¹ You state the TEA will release some information to the requestor. You further state the TEA redacted some information from the submitted documents pursuant to the Family Educational Rights and Privacy Act ("FERPA"), section 1232g of title 20 of the United States Code.² You claim the submitted information is excepted from

¹You state the TEA sought and received clarification of the information requested. *See* Gov't Code § 552.222 (providing if request for information is unclear, governmental body may ask requestor to clarify request); *see also* *City of Dallas v. Abbott*, 304 S.W.3d 380, 387 (Tex. 2010) (holding that when a governmental entity, acting in good faith, requests clarification or narrowing of an unclear or overbroad request for information, the ten-day period to request an attorney general ruling is measured from the date the request is clarified or narrowed).

²The United States Department of Education Family Policy Compliance Office (the "DOE") has informed this office FERPA does not permit state and local educational authorities to disclose to this office, without parental consent, unredacted, personally identifiable information contained in education records for the purpose of our review in the open records ruling process under the Act. The DOE has determined FERPA determinations must be made by the educational authority in possession of the education records. We have posted a copy of the letter from the DOE to this office on the Attorney General's website: <https://www.texasattorneygeneral.gov/files/og/20060725usdoe.pdf>.

disclosure under sections 552.107 and 552.116 of the Government Code and privileged under rule 192.5 of the Texas Rules of Civil Procedure. We have considered the submitted arguments and reviewed the submitted representative sample of information.³

Initially, you acknowledge some of the information at issue consists of a completed investigation subject to section 552.022 of the Government Code. Section 552.022(a)(1) provides for the required disclosure of “a completed report, audit, evaluation, or investigation made of, for, or by a governmental body,” unless the information is excepted from disclosure under section 552.108 of the Government Code or is made confidential under the Act or other law. Gov’t Code § 552.022(a)(1). You claim Texas Rule of Civil Procedure 192.5 for the information at issue. The Texas Supreme Court has held the Texas Rules of Civil Procedure are “other law” for the purposes of section 552.022. *See In re City of Georgetown*, 53 S.W.3d 328, 337 (Tex. 2001). Accordingly, we will address your claim under Texas Rule of Civil Procedure 192.5 for this information. Further, we will consider your arguments under sections 552.107 and 552.116 against disclosure of the remaining information.

Rule 192.5 encompasses the attorney work product privilege. For purposes of section 552.022 of the Government Code, information is confidential under rule 192.5 only to the extent the information implicates the core work product aspect of the work product privilege. *See Open Records Decision No. 677* at 9-10 (2002). Rule 192.5 defines core work product as the work product of an attorney or an attorney’s representative, developed in anticipation of litigation or for trial, that contains the mental impressions, opinions, conclusions, or legal theories of the attorney or the attorney’s representative. *See TEX. R. CIV. P. 192.5(a), (b)(1)*. Accordingly, in order to withhold attorney core work product from disclosure under rule 192.5, a governmental body must demonstrate the material was (1) created for trial or in anticipation of litigation and (2) consists of the mental impressions, opinions, conclusions, or legal theories of an attorney or an attorney’s representative. *Id.*

The first prong of the work product test, which requires a governmental body to show the information at issue was created in anticipation of litigation, has two parts. A governmental body must demonstrate (1) a reasonable person would have concluded from the totality of the circumstances surrounding the investigation there was a substantial chance litigation would ensue and (2) the party resisting discovery believed in good faith there was a substantial chance litigation would ensue and conducted the investigation for the purpose of preparing for such litigation. *See Nat’l Tank v. Brotherton*, 851 S.W.2d 193, 207 (Tex. 1993). A “substantial chance” of litigation does not mean a statistical probability, but

³We assume the “representative sample” of records submitted to this office is truly representative of the requested records as a whole. *See Open Records Decision Nos. 499 (1988), 497 (1988)*. This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent those records contain substantially different types of information than that submitted to this office.

rather “that litigation is more than merely an abstract possibility or unwarranted fear.” *Id.* at 204. The second part of the work product test requires the governmental body to show the materials at issue contain the mental impressions, opinions, conclusions, or legal theories of an attorney or an attorney’s representative. *See* TEX. R. CIV. P. 192.5(b)(1). A document containing core work product information that meets both parts of the work product test is confidential under rule 192.5, provided the information does not fall within the scope of the exceptions to the privilege enumerated in rule 192.5(c). *See Pittsburgh Corning Corp. v. Caldwell*, 861 S.W.2d 423, 427 (Tex. App.—Houston [14th Dist.] 1993, orig. proceeding).

Furthermore, if a requestor seeks a governmental body’s entire litigation file, the governmental body may assert the file is excepted from disclosure in its entirety because such a request implicates the core work product aspect of the privilege. *See* ORD 677 at 5-6. Thus, in such a situation, if the governmental body demonstrates the file was created in anticipation of litigation, this office will presume the entire file is within the scope of the privilege. *See* Open Records Decision No. 647 at 5 (1996) (organization of attorney’s litigation file necessarily reflects attorney’s thought processes (citing *Nat’l Union Fire Ins. Co. v. Valdez*, 863 S.W.2d 458, 461 (Tex. 1993))); *see also* *Curry v. Walker*, 873 S.W.2d 379, 380 (Tex. 1994) (holding “the decision as to what to include in [the file] necessarily reveals the attorney’s thought processes concerning the prosecution or defense of the case”).

You inform us the TEA “regulates and oversees all aspects of the certification, continuing education, and enforcement of standards of conduct for certified educators in Texas public schools under the authority of chapter 21 of the Education Code.” *See* Educ. Code §§ 21.031(a), .041. You also explain the TEA litigates enforcement proceedings under the Administrative Procedure Act (the “APA”), chapter 2001 of the Government Code, and rules adopted by the TEA under subchapter B of chapter 21 of the Education Code. *See id.* § 21.041(b)(7); 19 T.A.C. § 249.3. You state the information you marked consists of the entire case file pertaining to the TEA’s investigation of alleged educator misconduct. You also state the file was created by attorneys, legal staff, and other representatives of the TEA in anticipation of litigation. *Cf.* Open Records Decision No. 588 (1991) (contested case under APA constituted litigation for purposes of statutory predecessor to Gov’t Code § 552.103). Based on your representations and our review, we conclude the TEA may withhold the information at issue as core attorney work product under Texas Rule of Civil Procedure 192.5.

Section 552.116 of the Government Code provides the following:

- (a) An audit working paper of an audit of the state auditor or the auditor of a state agency, an institution of higher education as defined by Section 61.003, Education Code, a county, a municipality, a school district, a hospital district, or a joint board operating under Section 22.074, Transportation Code, including any audit relating to the criminal history

background check of a public school employee, is excepted from the requirements of Section 552.021. If information in an audit working paper is also maintained in another record, that other record is not excepted from the requirements of Section 552.021 by this section.

(b) In this section:

(1) "Audit" means an audit authorized or required by a statute of this state or the United States, the charter or an ordinance of a municipality, an order of the commissioners court of a county, the bylaws adopted by or other action of the governing board of a hospital district, a resolution or other action of a board of trustees of a school district, including an audit by the district relating to the criminal history background check of a public school employee, or a resolution or other action of a joint board described by Subsection (a) and includes an investigation.

(2) "Audit working paper" includes all information, documentary or otherwise, prepared or maintained in conducting an audit or preparing an audit report, including:

(A) intra-agency and interagency communications; and

(B) drafts of the audit report or portions of those drafts.

Gov't Code § 552.116. You state the remaining information consists of audit working papers prepared or maintained by the TEA's Division of Complaints, Investigations, and Enforcement, concerning an audit of a specified school district. You state the audit at issue was authorized by section 39.057(a)(15), which permits special accreditation investigations to be conducted as the Commissioner of Education determines necessary. *See* Educ. Code § 39.057(a)(15). Based on these representations and our review, we agree the remaining information consists of audit working papers for purposes of section 552.116. Therefore, the TEA may withhold the remaining information under section 552.116 of the Government Code.⁴

In summary, the TEA may withhold the information you marked as core attorney work product under Texas Rule of Civil Procedure 192.5. The TEA may withhold the remaining information under section 552.116 of the Government Code.

⁴As our ruling is dispositive, we need not address your remaining argument against disclosure of this information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
