Question: Who is responsible for witness fees and for expenses in a case tried by the county for the Texas Department of Human Services?

Committee Members:

Enclosed are the results of our research, which fail to answer the question for us. As the number of DHS cases increases and our county budget decreases, this question becomes more important every day.

I would appreciate an Opinion from you so that we may properly budget for these cases.

Thank you for your attention to this matter.

Sincerely,

Melinda Simpson
