Dear General Morales:

The Environmental Health Division of the Health and Human Services Department of the City of Houston (City) has received a request on October 1, 1993 for the above-referenced information (see enclosed letter, Exhibit A) from Kelly D. Brown.

The City has released most of the information (see letter to Brown, Exhibit B), but we have previously requested an opinion from your office regarding some of the documents (see attached correspondence, Exhibit C). Accordingly, we are awaiting an opinion from your office before we release the other documents.

Please let us know if anything further is required. I can be reached at (713) 2457-1520.

Yours very truly,

Gretchen Kuehn Bohnert

Dear Mr. Gould:

Pursuant to our conversation this afternoon, this letter is intended to serve as a request under the Texas Open Records Act for certain information relating to the old Milby Bus Barn, located near Milby Street and Navigation Boulevard. By this request, I am seeking to visit your office and review the files relating to solid and hazardous waste, and water quality, including, but not limited to, any non-privileged documents relating to the ongoing lead investigation and remediation at this site.

I would appreciate an opportunity to review these materials as quickly as possible. Please call me at the above number when the documents are ready. Thank you for handling this request.

Sincerely,

*Kelly D. Brown*
